In accordance with a request from W. F. Sanborn, manager of the Princeville Plantation Co., Ltd., Mr. McBryde moved to macadamize the old road matka of the Hanalei bridge to Kikiula, the expense to be divided equally between the Princeville Plantation and the County. After general discussion of the matter, action to be taken thereon was deferred until the afternoon.

Financial Reports Nos. 184, 184a, 184aa and 184b; 185, 185a, 185aa and 185b for the months of May and June were approved upon the recommendation of Mr. McBryde, special committee.

Financial reports Nos. 186, 186a, 186aa and 186b for the month of July were referred to Mr. McBryde for report.

A communication dated July 19th, 1916, from Mr. B. G. Rivenburgh, Commissioner of Public Lands, asking to be furnished with data regarding land to be given in exchange by Lilia Ekekela for a government beach lot at Anahola was received. The clerk informed the Board that he will forward the title deeds of Lilia Ekekela to the Commissioner as soon as they can be gotten from the owner.

Mr. Moragne, in regard to a claim of \$50.00 of the McBryde Sugar Co. Ltd., of Wahiawa, for harvesting cane due to fire in the Ekele field of that plantation started by the County road engine on June 20th. last, asked for further time to report; allowed.

Mr. McBryde moved that the County road engineer investigate into and report on the matter of a claim by A. J. Caldeira for cane damaged by fire caused through the negligence of the County laborers at Kalahoe Homesteads.

A requisition from John Bush, principal, (P 1338), for supplies for the Koloa school was received and referred to Mr. Moragne with full power to act.

A communication dated July 8th, 1916, from V. L. Stevenson, amongst other things, offering to receive suggestions regarding matters to be discussed at the next Civic Convention to be held in Hilo September 21-25, (1916), was received and filed.

A communication dated July 20, 1916, from B. G. Rivenburgh, Commissioner of Public Lands, addressed to the chairman of the Board, asking the County to signify its willingness to release a certain pile of land at Mailehuna, Kapaa, for school purposes, also the reply of the chairman to the same under date of July 29th, 1916, were received and filed.

In the matter of money due F. E. Richardson, contractor, to wit: \$4,186.00, for 14,000 feet of wood stave pipe, the Board, upon motion of Mr. McBryde, voted to pay towards the contract \$4,000.00, the balance to be retained to offset the County's claim for damaged pipe.

At 12 M. a recess was taken until 1:30 p. m.

## AFTERNOON SESSION

The meeting was resumed at 1:30 p. m.

The contract dated July 1, 1916, between Kauai County and Thomas L. Andrews for constructing a teacher's cottage at Lihue according

to plans and specifications was handed over to the County road supervisor with instructions to see that the same is signed by the contractor.

The matter of macadamizing the road from Hanalei bridge to Kikiula was again brought up, and as there was no second to the motion made at the morning's session the chair ruled the motion lost.

The report (P 1339) of the County road supervisor for the month of July, 1916, was received and filed. This in substance as follows:

"Road Work: First oiling of the road between Kekaha and Waiawa was finished last week; the second coat will follow. Painting of Waiamea bridge was finished. Hanapepe Valley road is being repaired.

In Koloa District: The small macadamizing outfit went to work on the Kukuolono road in June and fair progress is now being made. The Lawai homestead road contract is nearly completed. The macadam road from Koloa to Lihue District line was patched where needed.

In Lihue District: The gutters along the main roads were deepened and widened where needed. The turn around Lihue school and the road on towards the mill was widened. Oiling of Wailua bridge finished in June. Nawiliwili-Lihue grade on lower half was also widened and at same place; the point halfway up the grade is now being cut back and the turn improved.

In Kawaihau: Work of raising the road across the flat at Anahola school was about half done. 8x12 culvert at same place, paving and abutments half done. Stone breaking for Kealia macadam started in latter part of June is now going on. Grading at Anahola was suspended in order that the teams might be used in grading hospital site at Kapaa which work is now about half done.

In Hanalei District: Macadamizing between Kalihiwai and Princeville made fair progress considering the rainy weather. A gap of about 5/8 of a mile now remains to be done and if the weather permits it will be completed by Aug. 15th. and the outfit will be moved to Kealia. Grading for the above macadam to be finished this week.

Water Works: The 14,000 feet of 6" redwood pipe for Kapaa water works arrived at Port Allen and is now being hauled and laid. About 1/2 of the line is now laid.

Schools: The new bungalow schoolroom at Makaweli school is finished and the one at Kalahoe started; both of which are contracted to C. B. Hofgaard for \$575 each. The bungalow school room at Kilauea is finished. At Koolau a new 5,000 gal. tank and new gutters were installed; the old Koolau tank was set up at Kilauea; all necessary painting and repairing was done at Koolau, Kilauea and Hanalei. At Hanalei a new 3000 gal. tank is being installed. Painting is being done at Kekaha, Kalahoe and Waiamea and painting and small repairs at other schools will follow. The teachers' cottage at High School which was contracted to Mr. Andrews is under way. 360 new desks were ordered for the three new bungalows, including extras for High School and Hanamaulu.

A petition (P 1340) from Kekaha for water privileges was received and filed in connection with it. Mr. Moragne reported progress on the matter of putting in water works at Kekaha but asked for further time for his final report, which was allowed. Mr. Moragne, however, was authorized, by vote, to call bids for the necessary pipe for these water-works after the Board of Health approves the use of ditch water by the villagers and after he obtains permission to take the water and lay the pipe over the plantation lands.

Upon motion of Mr. Menefoglio, second by Rodriguez, it was decided that the County pay \$250.00 towards the macadamizing of about 1000 feet road above Hanalei bridge, provided that the road always be kept open for public use, and the Princeville Plantation pays all balance of costs.

At 3 P. M. the meeting was adjourned but subject to the call of the chair.

## CRISCO

For Frying-For Shortening

--For Cake Making

## Frying

There is no smoke nor odor. Fried foods are free from the taste of grease. They now are tasty and crisp. They are made more digestible, for Crisco is all vegetable. The same Crisco can be used to fry fish, onions, doughnuts, etc., merely by straining out the food particles after each frying.

## Shortening

Crisco gives pastry a new flakiness and digestibility. Crisco always is of the same freshness and consistency. It's uniform quality makes for uniform results.

## Cake Making

Crisco gives richness at smaller cost. It brings cake-making back to popularity. Butter bills are reduced and cakes stay fresh and moist longer.

Has a very Creamy Lather as a result of scientific Soap-making. Does not waste.
